

# CDC Responds: A Public Health Training Network Announcement

*This is to announce a series of live distance learning programs responding to emerging threats to the public's health. This series uses a mix of media strategies in an effort to reach the broadest possible audience.*

## WHAT

Broadcast updates of vital information for American front-line clinical and public health practitioners, enabling them to respond effectively, efficiently, and competently to current threats.

## WHEN

A regular series of weekly programs. The following dates and topics are established, with additional topics to be announced on the PHTN web site and in future flyers. **All programs are 1:00-2:30 PM EST, unless otherwise noted. Re-broadcasts begin at 5:00 PM EST.**

- **11-29-01 Clinical Diagnosis and Management of Anthrax-Lessons Learned** 10:30AM-12:00 PM EST, Re-broadcast 12-3-01
- **12-6-01 Risk Communication and Bioterrorism,** Re-broadcast 12-11-01
- **12-13-01 Smallpox: What Every Clinician Should Know,** 12:00-2:00 PM EST, Re-broadcast 12-17-01. *CE credit available for this program only.*
- **12-20-01 Topic to be announced,** Re-broadcast date to be announced

American Association of Medical Colleges  
American Hospital Association  
American Medical Association  
Association for Professionals in Infection Control and Epidemiology  
National Medical Association  
Centers for Disease Control and Prevention  
Public Health Training Network  
University of North Carolina School of Public Health  
Public Health Foundation

## HOW

Each of the programs in this series will be available via multiple formats and times. **To view the program live on the broadcast date,** tune in by

- Satellite at viewing locations
- Subscriber networks
- Internet through live webcast
- Phone through audio bridge

**To view on the re-broadcast date,** tune in by any of the above media.

**To view at any time** after the original broadcast date, access the web archives on the Internet at <http://webcasts.sph.unc.edu> or order a videotape.

Videotapes are available free of charge after the original broadcast. To order a free tape, call 1-877-252-1200 (US), or 1-301-645-7773 (International) 9:00AM-5:00PM EST e-mail [info@phf.org](mailto:info@phf.org). When e-mailing a request for a videotape, please indicate **the program title in the subject line.**

## WHO

Physicians, laboratorians, nurse clinicians, and other health care workers serving in private offices, hospitals, and public health settings.

## FOR MORE INFORMATION

This series is being developed to be responsive and timely based on emerging needs. Therefore, updates will occur on a regular basis and will be posted to the PHTN website at <http://www.phppo.cdc.gov/phtn> and through subsequent flyers. Please check the web site regularly for changes.
